PROFILE

Engineering graduate with a European Master's specialising in technical information management, targeting a technical documentation and production coordination role. Owned a multidiscipline project's documentation and coordination workflow in a shared data environment, validated against ISO 19650 and the client's agreed information requirements, and reviewed contract and arbitration documentation under FIDIC conditions during an internship.

PROJECTS

Federated BIM Model – Pakistani-Themed Expo, Guimarães | IFC, Autodesk Construction Cloud Oct 2025

- Owned the federated model and clash-detection workflow across architecture and MEP disciplines, validated against Employer's Information Requirements under ISO 19650.

Blockchain-Based BIM Document Management | Solidity, Ethereum (Arbitrum Sepolia) 2024

- Smart contract system to sign and manage construction documents, with immutable on-chain linkage, to streamline dispute resolution under FIDIC contracts. Funded by a competitive grant from the Pakistan Engineering Council.

EDUCATION

MSc, European Master in BIM (BIM A+) | UL FGG, Ljubljana, Slovenia Oct 2025 – Jul 2026

- Field of study: Information Management in Construction. Completed the accelerated thesis track, finishing full MSc requirements in 10 months. Final grade 9.27/10.
- Applied coursework in quantity take-off and cost estimation, process modelling and workflow improvement, and technical document control in a common data environment.
- Thesis: *Graph-Mediated LLM Exploration for IFC Question Answering*. Supervisor: Prof. Žiga Turk.

BE Civil Engineering | NUST, Islamabad, Pakistan. Final grade 3.25/4.00 Sep 2020 – Jun 2024

EXPERIENCE

Contract Management Intern | Engineering and Management Services, Pakistan June 2023

- Reviewed contract reports and arbitration documentation under FIDIC conditions; presented findings to the internal legal team.

Civil Engineering Intern | Fatima Fertilizer Company, Pakistan July 2023

- Modelled a 6,804 m² rock phosphate storage shed in 3D from 2D drawings, coordinating with stakeholders on design refinement.

SKILLS

Technical & Documentation: Technical drawing review, AutoCAD, quantity take-off and cost estimation, technical and contractual document control and archiving, quality validation against ISO 19650 requirements, process modelling and workflow improvement

Systems & Office: MS Office (Word, Excel, PowerPoint), Autodesk Construction Cloud, data analysis and reporting in Python

Languages: English (C1), Slovene (A1, actively learning)

Driving licence: Category B
