

HARIS WAHEED BHATTI

BIM Specialist | Information Manager (ISO 19650)

Ljubljana, Slovenia | +386 69 437 910 | harisw95@gmail.com

linkedin.com/in/bhatti25 | github.com/alfarseniko

Available immediately under Slovenian student permit (until 30 Sep 2026); transitioning to full-time work authorization thereafter.

PROFILE

Civil engineer with a European Master's in Building Information Modelling and Bachelor's coursework in hydrology and water resources engineering (AutoCAD, HEC-HMS, HEC-RAS). Experienced coordinating technical documentation and multidisciplinary design workflows, having owned a federated BIM model across architecture and MEP disciplines under ISO 19650. Strong written and spoken English (C1); Slovene at A1 and improving.

PROJECTS

Federated BIM Model – Pakistani-Themed Expo, Guimarães | IFC, Autodesk Construction Cloud Oct 2025

- Owned the federated model and clash-detection workflow across architecture and MEP disciplines, validated against Employer's Information Requirements under ISO 19650.

ifctoneo4j – Python package (PyPI) | Python, IfcOpenShell, Neo4j, Cypher 2026

- Open-source library converting IFC models (IFC2X3, IFC4, IFC4X3) into Neo4j property graphs aligned to Linked Building Data ontologies, with no RDF intermediate. Published to PyPI: `pip install ifctoneo4j`.

EDUCATION

MSc, European Master in BIM (BIM A+) | UL FGG, Ljubljana, Slovenia Oct 2025 – Jul 2026

- Field of study: Information Management in Construction. Completed the accelerated thesis track, finishing full MSc requirements in 10 months. Final grade 9.27/10.
- Thesis: *Graph-Mediated LLM Exploration for IFC Question Answering: A Benchmark Comparison Against Direct-IFC Approaches*. Supervisor: Prof. Žiga Turk. hdl.handle.net/20.500.12556/RUL-185169
- Applied coursework spanning the BIM delivery chain: IFC schema auditing and model remediation, parametric façade optimisation in Dynamo, process modelling and workflow improvement, 5D quantity take-off and cost estimation, and scan-to-BIM from point-cloud capture.

BE Civil Engineering | NUST, Islamabad, Pakistan. Final grade 3.25/4.00 Sep 2020 – Jun 2024

- Coursework in hydrology and water resources engineering (AutoCAD, HEC-HMS, HEC-RAS) and geographic information systems (ArcGIS).

EXPERIENCE

Civil Engineering Intern | Fatima Fertilizer Company, Pakistan July 2023

- Modelled a 6,804 m² rock phosphate storage shed in 3D from 2D drawings, coordinating with stakeholders on design refinement.

Contract Management Intern | Engineering and Management Services, Pakistan June 2023

- Reviewed contract reports and arbitration documentation under FIDIC conditions; presented findings to the internal legal team.

Research Intern (remote) | Southern Illinois University Edwardsville, USA July 2023

- Synthesised academic literature to support a faculty-mentored research proposal.

SKILLS

Water Management & GIS: ArcGIS, AutoCAD, HEC-HMS, HEC-RAS

BIM & AEC: IFC (IFC2X3, IFC4, IFC4X3), ISO 19650, Employer's Information Requirements, clash detection, federated models, Revit, Dynamo, Autodesk Construction Cloud

Programming & Data: Python, TypeScript, Neo4j, Cypher, knowledge graphs, Git

AI / LLM: Agentic systems, Model Context Protocol (MCP), RAG, LLM evaluation and benchmarking

Languages: English (C1), Slovene (A1, actively learning)
